RESPONSE TO NOTICE OF ALLOWANCE

Sir/Madam:

In the Notice of Allowance mailed May 21, 2004, in the above-identified application, claims 1-5, 8-10, 14-21, 23, 25-27, 29-55, 57-59, 61-93, 95-107, now numbered 1-96, are allowed.

The Notice of Allowance includes an Examiner's Statement for Reasons of Allowance set forth on page 2 of the Notice of Allowability. While Applicants agree that the prior art does not disclose limitations indicated in the Examiner's Statement for Reasons of Allowance, Applicants respectfully note that specific limitations indicated by the Examiner do not necessarily correspond verbatim to the features recited in each of the independent claims. In particular, each of the independent claims distinguishes over the prior art based on the particular limitations recited in the claim, and is patentable on its own merits (in some cases, perhaps, for reasons other than those indicated in the Examiner's Statement for Reasons of Allowance).

Also, Applicants note that they have not yet received a copy of a Form-1449, initialed by the Examiner to indicate consideration of each reference thereon, which accompanied an Information Disclosure Statement dated May 17, 2004 (the first and only cited reference on the Form-1449 is to Slayden, U.S. Patent No. 6,361,186). A copy of this IDS and Form-1449, together with a stamped post card indicating receipt by the PTO, is attached here for the Examiner's reference. Applicants wish to ensure that this IDS has indeed been considered by the Examiner, and have left multiple telephone messages with the Examiner to this effect. Applicants' representatives respectfully encourage the Examiner to forward the initialed Form-1449 in question at the Examiner's earliest convenience so that Applicants have a copy thereof for their records.

If there are any questions concerning the foregoing, the Examiner is urged to contact the undersigned at the number listed below.

Respectfully submitted,

Kevin J. Dowling et al., Applicants
